

CELEBRATING CENTENARIANS

Rosella Mathieu, 100

Passionate about life!

“

We never
outgrow
our need
for love and
companionship.”

Rosella, after 95 years of living in the eastern U.S., packed up her belongings and headed west to California to be near her son, 13 grandchildren and great grandchildren. She is very involved with her family.

An herb expert, Rosella says she cultivated her passion in middle age. For over half her life, Rosella has been growing, selling and writing about herbs, as well as experimenting with preserving their fragrances. In 1998, she was honored as the oldest living member of the Herb Society of America.
